

Gradient To Shape

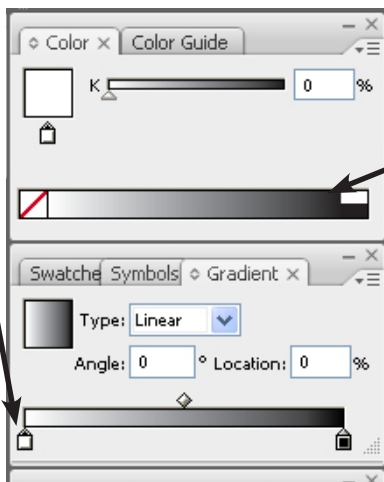

1. Select the shape.

2. Click the **GRADIENT FILL** box on the Gradient Palette.

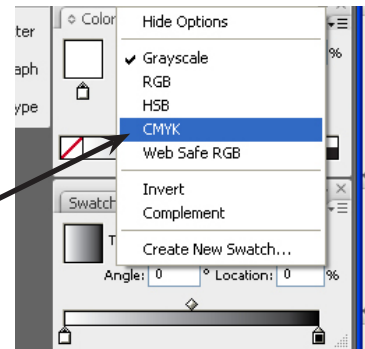

**** When you click the box the gradient will be applied to your shape.**

3. To change the COLOR of the gradient: Click the **FIRST PAINT BUCKET!**

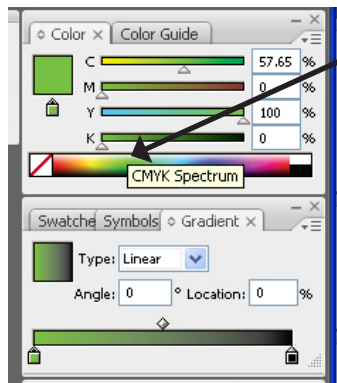

The color spectrum will change to **BLACK AND WHITE!**

4. Change Spectrum by clicking the icon at the top right and click **CMYK!**

5. Use the **DROPPER** on the spectrum to choose the color of your first paint bucket!

6. REPEAT for 2nd BUCKET!
